

Positive Behavior Intervention Programs for High School Students

Improve School Climate with Positive Behavior Resources

- ✓ Deter Student Misbehavior
- ✓ Reduce Truancies
- ✓ Motivate Students to Achieve More
- ✓ Get Bullies to Re-Consider their Actions

Advantage Press, Inc. has been designing and marketing positive student management programs since 1986. We address specific misbehaviors and tackle negative attitudes. Our individualized behavior packets help students understand why it's wrong to break a rule and then teaches them how to do it **right** the next time.

Program Descriptions, Use and Benefits

How Discipline and Motivation Packets Work

Discipline packets provide students with logical and constructive learning activities that reinforce school and classroom expectations. Packets work well for students serving detentions and suspensions. They can even be assigned as homework with a parent signature required.

Motivation packets provide students with the insight needed to be successful in school. These packets can be assigned as homework or for extra-credit.

By matching a packet title to a problem you will be able to provide positive and reflective lessons—prompting students to re-think their actions.

Program Benefits

1. Increase teacher effectiveness by reducing classroom discipline problems
2. Provides a fair and consistent discipline program
3. Improves staff perception of school climate and safety
4. Decreases referrals to the office
5. Consequences are related to misbehaviors

NEW!

What You Will Receive

Packets on CDs

CDs are organized by topic for easy use and come with wordprocessing (exception: Truancy Packets) and PDF files for both PC and Macintosh® computers. Wordprocessing files may be modified. CDs include Adobe's Acrobat Reader® software for viewing and printing packets.

Teachers and administrators may make as many copies as needed, for as long as they wish but only at the purchasing site. Packets also may be installed on an internal computer.

Note—files may not be uploaded to the internet unless they are password protected.
