Packets are available on CDs

CDs are organized by topic for easy use. Packets on CD ROM come with word-processing files and PDF files for both PC and Macintosh® computers. Wordprocessing files may be modified. CDs include Adobe's Acrobat Reader® software for viewing and printing packets. Teachers may make as many copies as they need, for as long as they wish, at the purchasing site. Packets include goal setting exercises—Great for IEPs.

Packet and Program Information

How Discipline and Motivation Packets Work

Discipline packets provide students with logical and constructive learning activities while serving time. Most lessons take thirty minutes to complete. Many packets contain a second set of questions for repeat offenders. All questions require short narrative responses and conclude with goal setting exercises. Behavior Improvement Packets now include word search and crossword puzzles!

Three Great Benefits

1. Lessons reinforce school expectations.
2. Students understand the consequences of poor decision making.
3. Packets clearly demonstrate the teacher's efforts at correcting a problem and provide needed documentation.

For Grades 6–12

Behavior Improvement Packets on CD

These packets address major and minor rule violations plus attitude problems. Each problem specific packet has approximately four pages of reading material along with several assessment formats: short answer, fill in the blanks, word scrambles, crossword and word search puzzles. Over 120 pages of material in each book! This edition is revised and improved. **Ideal for L.D./B.D. teacher use.**

The Bully Packet Program on CD

Now students who bully can be given discipline packets to help them re-think their bully actions. Each packet has approximately seven pages of reading material and four pages of questions. 250 pages. On CD only.

The Motivation Packet Program on CD

Motivation packets focus on what it is that keeps students from achieving to their capabilities. When students are motivated to achieve, good behavior usually follows. Motivation packets are administered in the same way as discipline packets: by matching a student's problem to a packet topic. Each packet has approximately seven pages of text and three pages of questions. 200 pages. On CD only.

For Grades 9–12

The Classroom Management Toolkit on CD

These packets are designed for students displaying behavior or attitudes that distract from a positive classroom learning environment. Packets provide teachers with resources to address thirty different negative behaviors and attitudes. An excellent after school or homework assignment. Each packet contains approximately five pages of reading material and two pages of questions. 270 pages. On CD only.

Supplementary Packets on CD

There are now eight additional Detention Packets and two Suspension Packets that address concerns not found in our Classroom Management ToolKit. At the request of schools we are now offering packets that cover computer and internet abuses, gambling, and several other behavior problems not previously addressed. 142 pages. On CD only.
